School info:

1. School name
2. Address
3. City, State, Zip code
4. Principal/school head

The basics:

5. Number of total students
6. Grades served
7. Basic demographic profile/mix of your school

Engagement approach:

8. How do you propose to engage students in the workshop and what is your basic rationale for this choice? (Some ideas, for example:)
 - Convene a school-wide assembly for all students
 - Convene an assembly for specific students—i.e. just seniors because they have a senior project requirement for graduation which this could satisfy
 - Invite just specific classes or students of particular teachers
9. What is the venue you'd use for the workshop and what is its capacity?
10. What time-frame would you suggest for the workshop (at least 75 minutes is required; 90-120 minutes is even better)? Any limitations as far as Tour dates?

The youth:

11. Would you be amenable to youth, age 12-20, who are not students of your school, but who specifically register for this opportunity, to attend the workshop with your students? If so, what is the maximum number of additional youth you'd allow?
12. If you propose any approaches to engaging other youth not from your school (i.e. partnering with another school), please describe. (This is not required by the way.)
13. What is the total number of students that would attend and participate in the workshop?

Why your school?:

14. What's your best case for why your school should be selected? (You have carte blanche to be as brief or as expansive as you want here.)
